

Product End-of-Life Instructions

Product Range: Multi 9 and Acti 9 18mm auxiliaries

Marketing Model/Name: IMN 220-240V AC 50/60HZ

Purpose:

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Note :

This product family is in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

Size in mm :

H x L x D in mm: 86.2 x 72.4 x 17.7

Weight in g: 83g

Between 70g to 150g

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy :
 Reuse → Separation for special treatment → Other dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Number on drawing	Components	Comment	
Components listed for special treatment which improves the recycling performances
